Response to Restriction Requirement

Sir:

In response to the Office Action dated 29 August 2001, requiring an election of a group of claim to be examined, Applicant, through its agent named below, hereby elects Group 1 (claims 1-4) with traverse. Applicant believes that many of the groups are related in that method claims involve methods employing the sequence of Group 1 (SEQ ID NO: 6). In addition, Group 3 is drawn to an antiserum to the polypeptide of Group 1 and thus to search for such antisera, for example, antibodies, it is necessary to search on SEQ ID NO: 6 and thereby requires no additional search. Searching on this sequence would necessarily turn up the polypeptide, antibodies, and methods of use (Groups 5 and 7) as well as vaccines (Group 9) comprising a polypeptide with this sequence.

No fee is believed due for filing this response. The date for response was set at 1 month from the date of mailing so that response is due by September 29, 2001, a Saturday, thus making 1 October 2001 the due date without requiring extension.

The Commissioner is authorized to charge payment of any additional filing fees required under 37 CFR 1.16 associated with this communication or credit any overpayment to Deposit Account No. 03-0678.
